Daily Bible Reading Checklist

The purpose of this pamphlet is to promote regular reading of the Word of God. It is not intended to replace systematic and careful study of the Bible, but to serve as a visible "check" and encouragement to those who purpose to read the *whole* Word of God.

Several reading plans are suggested, any of which may be started at any time, and with any particular book of the Bible.

- The entire Bible can be read in one year by reading 3 chapters each week day and 5 chapters on Sunday.
- The Old Testament may be read once and the New Testament twice in one year by reading 4 chapters each day.
- The Old Testament may be read once and the New Testament twice in 2 years by reading 2 chapters daily

Obvious adjustments for chapter length and reading speed must be made; but the important thing is to regularly spend time in the greatest Book ever written!

It takes between 70 & 80 hours to read the entire Bible at pulpit rate; by reading less than 15 minutes each day you can read the whole Bible in one year. **What a small commitment for such a great treasure!**
